Plan Daksyon pou Transpòtasyon sou Blue Hill Ave

Apwòch konsepsyon altènatif

apati 27 jen 2023

Istwa pwojè

Istwa Transpòtasyon sou Blue Hill Avenue

Blue Hill Ave at Arbutus St stop, 1929

1890s-1930s: Devlopè Boston yo te konstwi anpil kay kwense sou Blue Hill Ave pou fasilite aksè ak trolley elektrik yo sou Aveni an

1940s-50s: Kòm machin yo vin ogamnte, yo retire trolley yo epi yo ranplase yo ak sèvis otobis.

Left: Blue Hill Ave
Credit: Boston City Archives

Above: RDM study area
Credit: MassDOT

2009-11: Leta anonse pwojè 28X la, ki make kòm otobis transpò rapid. Yo *pat aplike plan sa a.*

2011–2012: Etid sou Bezwen pou Transpò nan Roxbury, Dorchester Mattapan ke MassDOT te diorije pran plas nan yon zòn Etid 10 mil kare ke rapid transpò pa sèvi. Etid la afime nesesite pou bon kalite sèvis transpòtasyon nan zòn nan.

2013-2019: Plis lòt etid fèt pou envestige amelyorasyon transpò sou Blue Hill Ave (pa egzanp Go Boston 2030) epi an 2019, Vil la kòmanse avèk Plan Daksyon pou Transpòtasyon sou Blue Ave.

Objektif Pwojè Plan Aksyon Transpò Blue Hill Avenue la

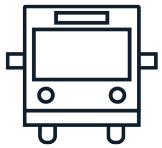

Objektif 1: Amelyore sekirite pyeton sou Blue Hill Avenue

Objektif 2: Ogmante opsyon ak konfyans mwayen transpò yo

Objektif 3: Konekte envestisman enfrastrikti yo ak travay lòt depatman Vil ak ajans eta yo

Blue Hill Avenue se yon kòd sekirite pou rezidan lokal yo

Pandan moman gwo aktivite nan maten, **plis pase mwatye moun k ap vwayaje nan Blue Hill Avenue se pasaje bis.**

Chak semèn, **plis 37,000 pasaje** monte ak desann otobis yo sou Blue Hill Avenue. **Sa a preske plis pase de fwa nonb de moun ke TD Garden kapab pran e li se yon nan pi gwo pousantaj pasajè kap pran otobis nan koridò sa nan sistèm MBTA a.**

Pasaje bis sou Blue Hill Avenue pèdi 3,036 èdtan nan blokis ak reta pandan jou semèn yo. **Nan kantite tan sa a yon moun te ka mache ale retou soti Boston, MA pou ale Anchorage, AK**

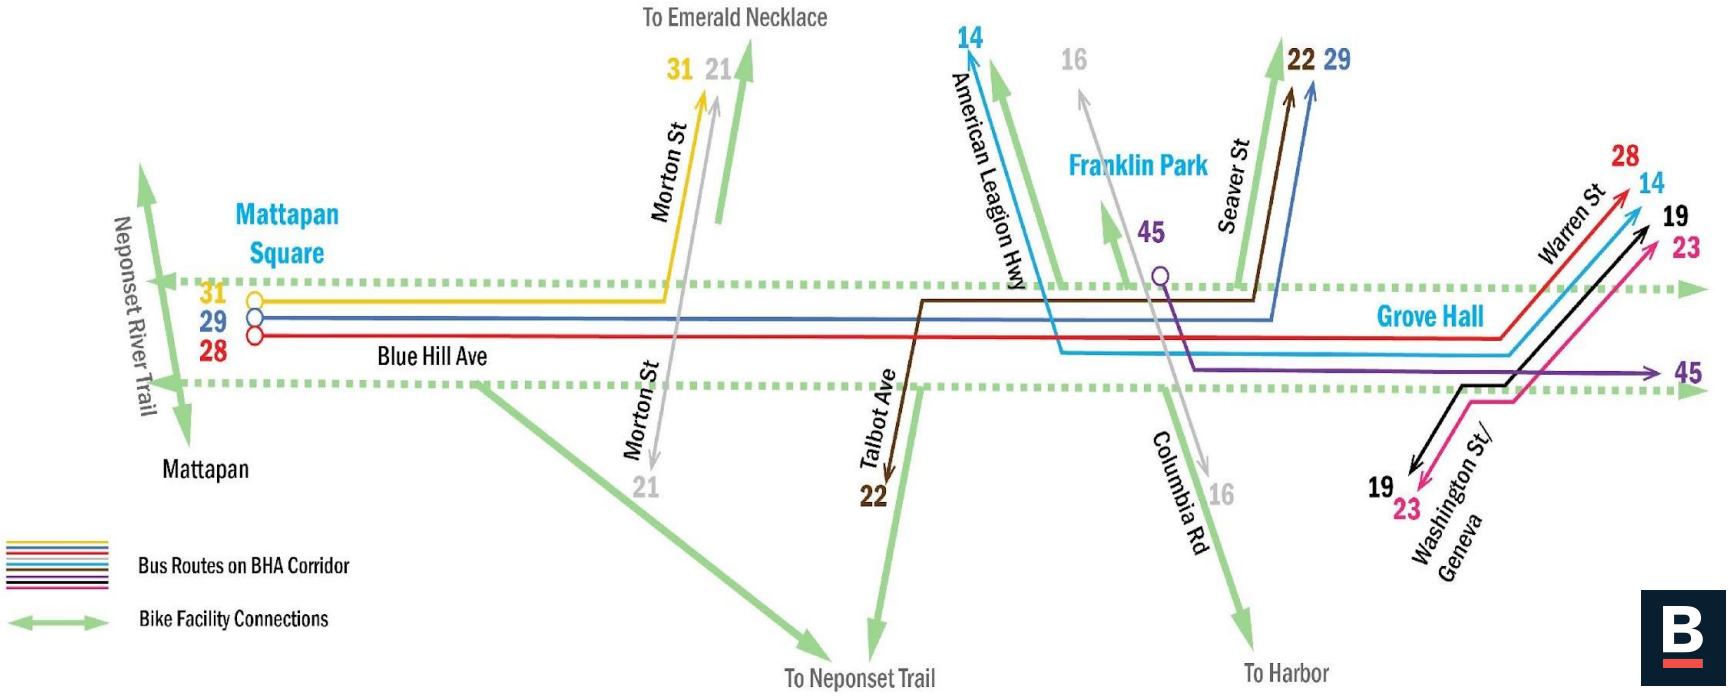

MBTA ak Vil Boston an ap travay ansanm pou y**o kapab ogmante anpil sèvis otobis la** nan senk ane kap vini yo. Pa egzanp, **Grove Hall pral genyen yon ogmantasyon de 193 vwayaj otobis pa jou.**

Pasaje Bis sou Blue Hill Avenue

Blue Hill Avenue desèvi 10 wout bis diferan:

- **56%** chofè bis sou wout sa yo soti nan fwaye salè fèb
- **85%** pasaje bis sa yo klasifye tèt yo kòm moun ki nan yon minorite etnik oswa rasyal
- **52%** de pasajè otobis sa yo pa genyen aksè ak yon machin
- **96%** moun ki itilize bis nan Blue Hill Avenue mache oswa monte bekàn pou vin pran bis la

Pyebwa ak Vèdi sou Blue Hill Avenue

Kondisyon pyebwa ki akote Blue Hill Avenue yo varye anpil:

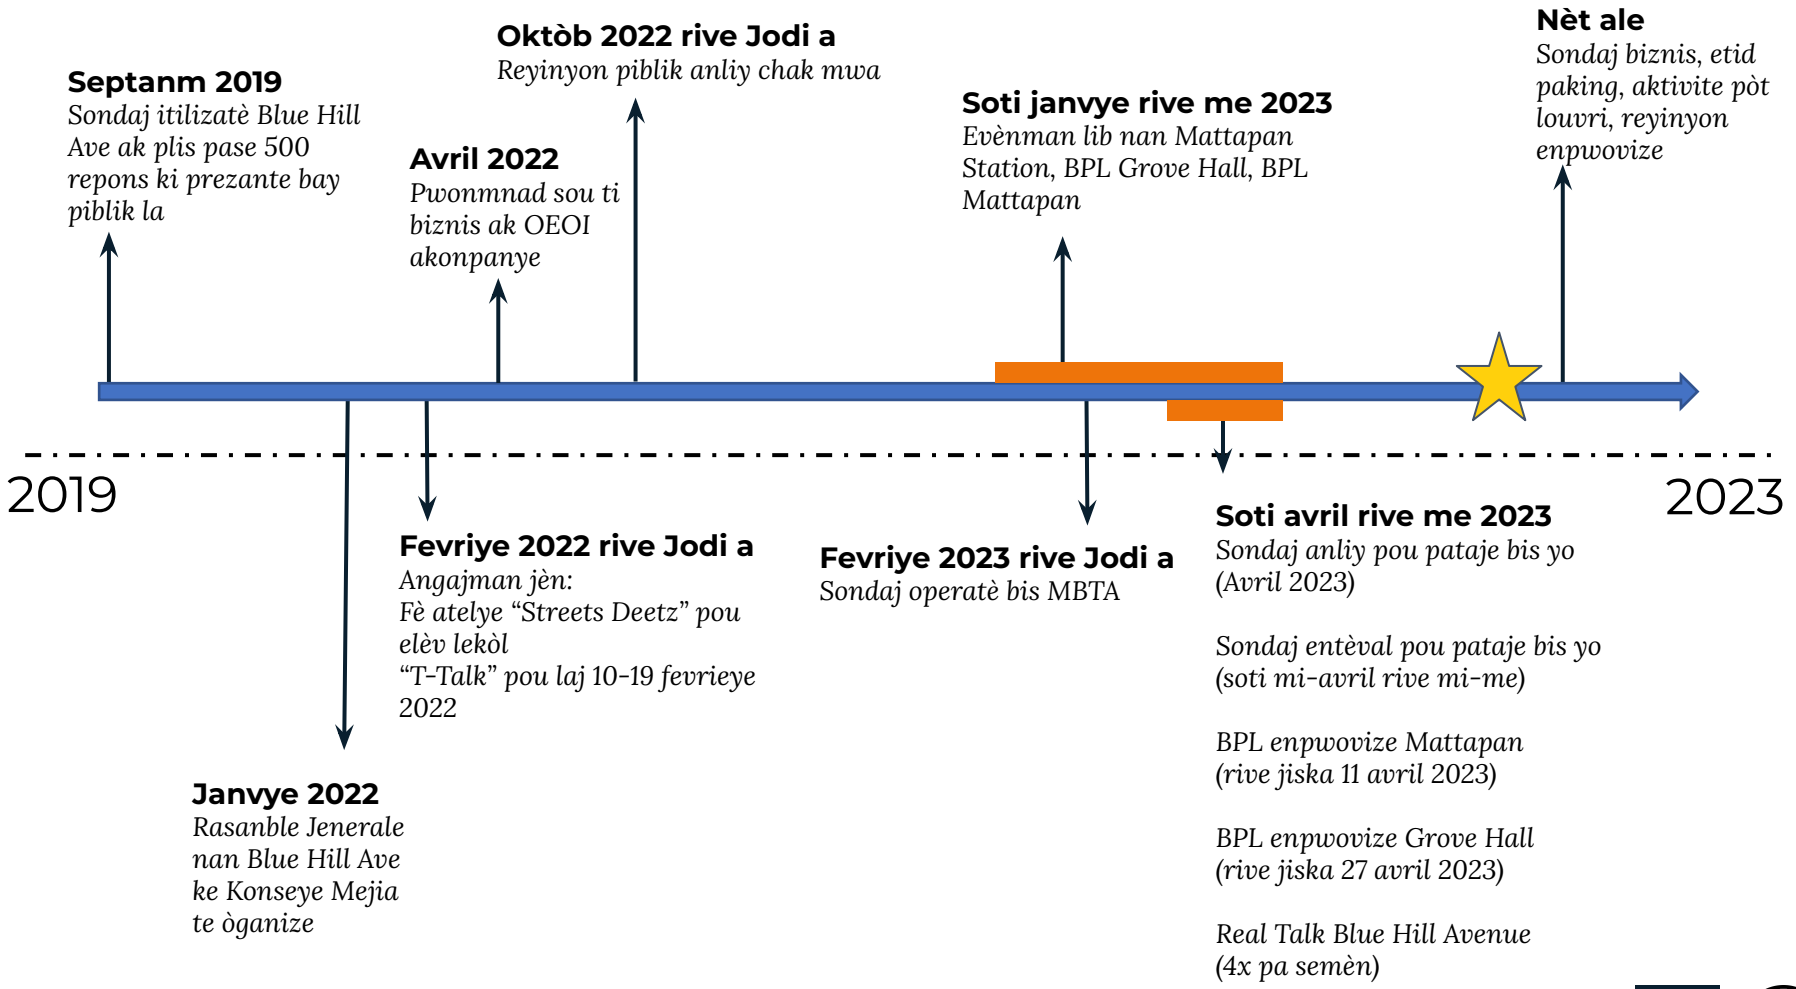

- Tou pre Grove Hall ak nan kèk lòt kote, pyebwa ki nan medyàn yo ap pwospere
- Nan kèk lòt zòn, kèk pyebwa ak vejetasyon ki nan medyàn yo kòmanse depafini
- Genyen tou anpil patè pyebwa vid nan koulwa a

Ekip pwojè a angaje pou fè tout efò pou prezève pyebwa ki gen matirite ki sen nan konsepsyon nou an a kote Blue Hill Avenue. Nou pran angajman tou pou ogmante kantite jeneral pyebwa a kote Blue Hill Avenue.

Source: NYC Environmental Protection

Kalandriye Angajman an

Kisa Nou te Tande: Difikilte ak Espwa

Difikilte Aktyèl

- Sekirite sikilasyon (ki genyen eksè vitès ladann)
- Doub paking
- Mank antretyen/neglijans
- Bis ki chaje e ki pa pase souvan
- Tan vwayaj bis yo
- Mank ekleraj
- Sekirite siklis
- Mank paking

Espwa pou avni an

- Plis bis fyab
- Bis ki pase pi souvan
- Vitès konduit ki pi sekirize
- Vèdi ak pyebwa
- Espas ekstèn pou manje
- Konduit ak mwens estrès
- Ri ki pi an sekirite
- Monte bekàan ak plis sekirite
- Repavaj wout la
- Pi bon twotwa
- Plis travèsyè

> Blue Hill Ave se pa yon otowout e li pa ta dwe sanble ak youn - oswa bay sansasyon li se youn - men se sa li fè

Bwat resepsyon pwojè a, janvye 2023

> Chak operatè te fè yon move eksperyans sou Blue Hill Ave.

Fevriye 2023, entèvyou operatè

> Blue Hill Ave bezwen yon chanjman majè. Mwen fristre akoz tan atant byen long nan arè bis yo, epi an jeneral bis yo toujou chaje moun.

Lè reyinyon lib Grove Hall, avril 2023

Kisa Nou te Tande: Kesyon Sou Konsepsyon an

Èske pwojè a ap amelyore aksè ak sekirite pyeton?

Èske espas paking yo ap prezève?

Èske y ap evalye ranfòsman lalwa nan paking ak sikilasyon nan zòn pwojè a?

Èske y ap egzamine done ki gen rapò ak pwosesis transpò bis?

Èske y ap egzamine demann ak enpak vwa pou bisiklèt?

Èske pwojè a ap kreye nouvo espas ak devlope enfrastrikti vèt?

Èske konsepsyon an ap konekte ak rezo transpò planifye a ansanm ak rezo pi laj transpò Boston an?

Apwòch miltimodèl desen nan koridò yo

Apwòch miltimodèl desen nan koridò yo

Nouvo amelyorasyon abri pou otobis yo

Liy otobis nan mitan yo

Atizay piblik (pa egzanp abri pou otobis)

Amelyore limyè yo

Mete a jou règleman pakin yo

Pwoteje liy bisiklèt yo

Refè tan siyal trafik

Agrandi pyebwa kanopi yo

Rekonstwi tout twotwa

Anpil enfrastrikti vèt

Amelyore sekirite pyeton yo

Rekonstwiksyon konplèt tout wout yo

Apwòch miltimodèl desen nan koridò yo: Mattapan Square → Morton Street
